Agent Platform

flywire

Manage communications and streamline payment tracking and reconciliation for transactions facilitated by education agents.

Flywire has built a powerful global payment network to meet the needs of education institutions like yours and the international students and agents you serve. As part of our comprehensive receivables solutions, our Agent Platform makes it easy for you to manage agent relationships, while also streamlining the payment tracking and reconciliation process for transactions processed through our network. In addition, this platform helps to eliminate short-balance payments, wire fees, and risk for your institution.

Designed to help your institution optimize agent relationships and minimize fraud, Flywire's Agent Platform enables you to:

- Centralize all relevant agent and student data in one place

- Receive payments in full as well as reduce unidentified and short-balance transactions

- Automate the reconciliation process to save time

- Track payments with transparency to keep up to date on status

Flywire has been solving complex payment problems for education institutions since 2011. Today, our comprehensive receivables solution delivers on life's most important moments by enabling institutions to seamlessly receive payments from anyone, anywhere in the world—at any time.

Future-proof your education agent process

Meet evolving needs for today and tomorrow

Do you struggle with unidentified and short-balance payments?

Receive payments in full as well as reduce unidentified and short-balance transactions with our custom payment portal. Flywire captures all relevant student and agent information, so you'll always receive the correct amount and never be left wondering where a payment came from.

Do you waste precious time reconciling payments?

Flywire provides batch disbursements within our administrative dashboard, while automating your payment reconciliation process. Securely receive, identify and match payments to speed reconciliation and save time.

Do you have visibility into payments with the ability to track funds?

Track payments with transparency to keep up to date on payment status right from the dashboard. With Flywire's dashboard, you can easily keep tabs on the status of direct payments students make to your institution—reducing your money laundering risk while facilitating easier refunds when necessary.

Is agent and student data stored and managed in multiple places?

With Flywire's Agent Platform, you can centralize all relevant agent and student information in one place. By organizing student and agent information in a single platform, you can easily store, manage, import, and export data. Additionally, you can secure account data to stop third-party vendors from accessing information and acting as agents without authorization.
